U.W.S.A. PRESIDENT

Dear Fellow Student:

1969-70 should be a big year for the Students' Association of the University of Winnipeg. I hope that over the year we may gradually change the Association so that more students will be able to take part in whatever segment of extra-curricular activity they feel is their field of interest, i.e.: "Whatever turns you on!", as Barry Bishop says.

If you have new ideas please come and talk to me about them early in the year so that sufficient time is available for planning and money may be allotted for necessary expenditures.

George Van Den Bosch
President,

The opening of an academic year is always an exhilarating experience. It represents one more step towards the achievement of an individual's goal in life. For some students, it is an exciting transition from High School to University. Others, who come as strangers to the City, may feel lonely and apprehensive. For most, it is a time of reunion with former classmates and friends.

History teaches us that each age presents its peculiar problems and special demands but your generation appears to have inherited greater pressures and complexities than most. On the other hand, you have also inherited vast stores of scientific knowledge and technical skills which offer unparalleled opportunities to plan and to work for human betterment.

Recently, hundreds of millions of people on earth watched anxiously and hopefully the ascent of Apollo Eleven towards the moon. Neil A. Armstrong, the first human to set foot on the surface of the moon, sent a message back to earth which will long be remembered — "This is one small step for man, one giant leap for mankind".

Soon after the three heroes of the Apollo Eleven Mission were released from quarantine, Neil Armstrong described his hopes for the future in these words: "A successful lunar landing, I felt, might inspire men around the world to believe that impossible goals really are possible, that there really is hope for solutions to humanity's problems".

Progress in human affairs has been frequently interrupted by periods of dissention and conflict. To move forward requires understanding based on free discussion, tolerance for other people's rights and points of view, confidence in the future, and acceptance of the inevitability of change. These factors constitute the lubricant which alone can enable divergent groups to work together harmoniously; these are the elements which lead to acceptable compromise and constructive progress.

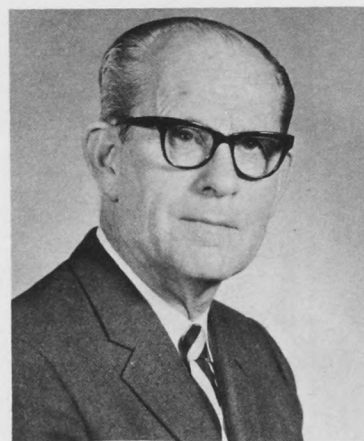

To all the members of the Students' Association, I extend my good wishes for a successful year.

Yours sincerely,
Paul H. T. Thorlakson, M.D.

We begin a new academic year at the University of Winnipeg with the hope that it may be an exciting and rewarding one for all of us. To the degree that we can maintain a high level of understanding and cooperation we will prove it so and I trust that we will all work to that end.

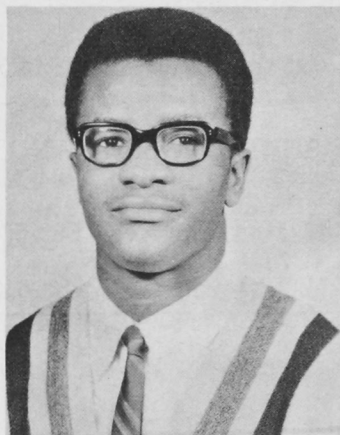

We are seeking fresh ways of enabling students to have more significant participation in university life and it is our firm conviction that this will be accomplished as we use every available means of dialogue and discussion to ensure we work together. The interests of the members of the faculty, the students, the administrative officers, the members of the Senate and The Board of Regents are not essentially different. We all want a better university, better in the sense that students will find here an enriching experience in learning and leave more adequately equipped for life.

We regret that our new academic building is not ready for occupancy with the beginning of term as we had hoped. The delay is temporary but the inconvenience this will cause requires the exercise of additional patience if we are to escape unnecessary irritation and frustration. We need to remind ourselves that buildings and facilities in themselves do not make a university. The secret is to be found in the intangible; the will and spirit of those who are determined to make the university the kind of community where every individual is a person in his or her own right. We believe that the University of Winnipeg has been and is that kind of university. We need your help to make it more so.

Wilfred C. Lockhart,
President and Vice-Chancellor.

THE EXECUTIVE

Internal Vice-President - ANSELM LONDON

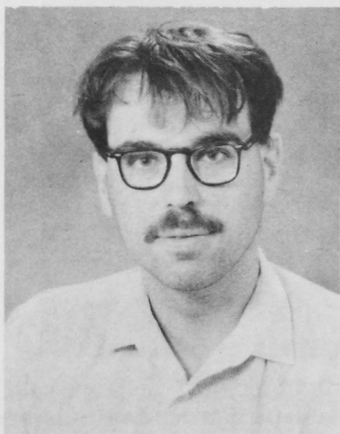

As Internal Vice-President of our Students' Association I extend greetings to past students and especially to the freshmen. I hope that you find this directory not merely as a source of fulfilment for your own personal commitments, but also as a means of providing useful discussion with your colleagues. Don't kid yourself for the problems that confront this university are countless and council members can do only so much. "Quit your bitchin'" and instead phone someone in this phone book and discuss one of these problems. At least this could be a start to a stimulating year.

Good luck!

External Vice-President - TO BE ELECTED

Treasurer - FRED BLAKELEY

As Treasurer, Fred is charged with the responsibility of keeping track of all the Students' Association money as well as riding herd on the wild spending habits of the various directors. If you don't think he's a "nice guy", if you think he's a parsimonious, penny-pinching Scrooge, he's just doing his job. Remember, it's your money!

Secretary - DENNIS HAYDEN

The Secretary keeps track of all Council proceedings and handles the Association's correspondence. Dennis is also very active in other areas of student interests such as the establishment of an inter-disciplinary course within the curriculum.

THE EXECUTIVE OFFICE

Mrs. H. Belden, Executive Secretary, and John C. Campbell, Business Manager, are the two people who keep the show on the road. They provide the much needed continuity in Student Association business and are able to advise each new executive group when it takes office.

They are also able to provide valuable services to the students in general, in terms of information on most campus activities. If something is troubling you don't hesitate to drop into the student office.

THIS IS CIRCLE K

President - Bob Novak

The answer is no! Circle K is not a dude ranch!

Circle K is the largest university service organization in existence, with more than 775 clubs and 14,000 members in the United States and Canada.

The Circle K motto is "We build". The individual member can build his personal qualities and enhance the university and city communities through worthwhile projects.

The only qualifications for Circle K is a genuine interest in the organization, and a male anatomy (sorry girls).

TAU KAPPA EPSILON

The University of Winnipeg received its charter two years ago. TKE-Canadian Gamma Chapter has received their charter—the first at the U of W — in May, 1968.

The men of Tau Kappa Epsilon invites you to become a pledge of their fraternity to provide and make available to yourselves various aspects of College life otherwise not available.

TKE, as a whole, is a select group of men with similar ideals, hopes and purposes bonded together by deep friendship and mutual understanding.

At the U of W, TKE fraters invite you to become pledges to TKE to become part of an adventure in establishing our name as a tradition of this University.

We offer academic aid to our brothers, solid social life, and a chance to develop leadership ability and responsibility. We encourage superior scholarship as well as the opportunity to receive a well-rounded education.

V.C.F.

Did anyone ever tell you that the best things in life are free: Better still, did you know it's true? This year the University of Winnipeg Chapter of V.C.F. (Varsity Christian Fellowship) is out to prove it to you. Now, that's not to say that we are dropping all charges on our social events; after all, it costs something for hayrides, rollerskating and other swinging parties . . . but then the socials aren't devised so much for free food as for free thought.

I mean sure we have lectures and panels and films, but you have to start somewhere, and what better way is there to start to discuss something than to evaluate another's opinion. Granted, we're not perfect ourselves, but then who is? "Religious fanatics", you say? Maybe, but then so was Newton and look at the ideas he came up with.

So unless you think you've got all the answers, drop in sometime. We try.

Student Christian Movement

SCM is a national student organization federated with the World Student Christian Federation. Everyone is welcome to participate although it has no "members" as such.

Through SCM, students can examine their own beliefs and compare them with the beliefs of others. Programs cover both religious and secular topics through study groups, worship services, lectures and conferences. Summer work projects are held in different Canadian centres. You will find that sharing ideas enriches the understanding and appreciation of life.

LUTHERAN STUDENT MOVEMENT

Lutheran Student Movement (LSM) is open to any students who wish to express themselves and their faith in Jesus with other students. Bring your pet ideas to the weekly talk session or "Polylog"; come out to the socials; and join in the special projects throughout the year.

There will be announcements in the Unitergram for other special events such as: guest speakers, films, retreats, and the regional conference. LSM will try to work with other student groups in some joint projects if it is possible.

Lutheran Student Movement is a student group, and is not run by a Church, although students meet with a Lutheran pastor. Its national organization includes Business School students and nurses in training as well as University students.

SOCIOLOGY CLUB

President - Ron Fletcher

Secretary - Raymonde Reimer

The Sociology Club was organized for the benefit of those students keenly interested in their Sociology courses. It aims to inform students of social developments on the Canadian scene and to learn from international social legislation. The Sociology Club organized the successful Drug Conference in 1968 and hopes to have even greater participation and involvement in 1969.

The Chinese Students' Association, U of Winnipeg

The Chinese Students' Association, U of W, was founded and was affiliated to the U.W.S.A. in January, 1969. It is an autonomous body consisting of 20 members. The objects of this Association are to serve as a bond of fellowship among Chinese students and to promote international understanding. With the enthusiasm of our members this association has been progressing. Thus, I would like this opportunity to thank all our members for their zeal and support, and the U.W.S.A. for her co-operation, both of which are decisively important in the foundation and progress of this Association.

Peter S. L. Yuen,
The Secretary.

WEST INDIAN STUDENT ASSOCIATION

The West Indian Students' Association at the University of Winnipeg sponsors various programmes during the year. Most are designed to interest the W.I. students, but also to acquaint other interested students with the West Indies. As well, it provides assistance to other West Indians in Manitoba, making newcomers feel more at home. The agenda usually includes sporting events, musical programs, a variety concert and many films about the West Indies. If you are a West Indian student, find out what your organization can do for you, and also what you can do for it.

CALLING ALL GIRLS

W.O.W.

President - Janna Bowey

Vice-President - Brenda Hughes

For interest, fun, involvement — W.O.W. is the University of Winnipeg Organization of Women and membership is open to all girls. The object of W.O.W. is to promote involvement and friendship with the primary emphasis this year being placed on the "Big Sister" System, an orientation program with seniors helping Frosh to get to know the University.

W.O.W. will operate as a social, informative and volunteer organization. Committees for all various functions will be formed with convenors heading the different committees. Activities during the year will include the organization of volunteer activities such as Blood Drive, Poppy Day, Christmas festivities, Shinerama and Volunteer Bureau recruitment. Social events will include a Pot-Luck Supper, movies and the annual semi-formal ball as well as many informal parties.

A bi-monthly meeting will be held featuring guest speakers and panel discussions of topics relevant to the life of the university female — careers, fashions, family problems and birth control.

There is a definite place for a girls' organization here at U of W — W.O.W. could be one of the most successful organizations with a chance for all to participate.

CHAPEL

Everyone at the University of Winnipeg, students and faculty alike, finds something they need in the daily Chapel Service. "Chapel", as it is called, is held from 9:25 a.m. to 9:40 a.m. each morning in Convo and is usually well attended. The services are necessarily brief and informal and are conducted by visiting guests, faculty and students.

The **Chapel Choir** under the direction of Filmer Hubble, sings every Friday morning. Special choral services are held at Christmas and Easter.

RELIGION AND LIFE WEEK

Each year at the U of W, one week is set aside to be devoted to religion and to emphasize its relationship to daily life. A guest speaker conducts the daily chapel services and leads noon hour discussions. All students have an opportunity to find inner meaning in their lives through the appreciation of Christ's teachings. Several times in the past, former United College Theology graduates have been the guest speakers.

ACADEMIC AFFAIRS DIRECTORATE

Director - Gordon Ternowetsky
Welcome to the University of Winnipeg and best wishes for success in the three or four years of your stay here.

By now, you must have come to realize that university is not a place where people go around talking about Plato, Machiavelli or Einstein. There's more to it than the mere hum-drum of essays, tests, professors and all that. In fact, we are here to live, really live, that is.

And what better way to do it than by getting involved in Academic Affairs? I must apologize for the use of the term "academic" for this directorate is the centre of all the more stimulating extracurricular activities. Maybe you're interested in debating. There's a place for you. Or perhaps the U.N. Club or the Current Affairs Club would excite you. How about the Canadian-American Conference? Or maybe you want to work abroad for CUSO or maybe here in Canada with the World University Service.

Yes, "Academic Affairs" is for you. Participate! Join the in-crowd!

PUBLIC RELATIONS DIRECTORATE

Director - Jim Millar

The facilities and personnel of the Public Relations Office will be of particular service to the various club executives at the University of Winnipeg. These facilities will be available to every student or group of students who are operating a program or major project throughout the year.

The purpose of this office is to provide a liaison between the student body and the outside community and to assume major responsibility for communications, both internal and external.

Under the P.R. Directorate are Student Radio (CKUW) and the Pub Club, the poster factory on the 4th floor of Wesley Hall. These facilities and a close liaison with the student newspaper, the **Uniter**, the daily **Unitergram**, the Photography Department and the external news media will ensure that what is happening within the university will be publicized to the student body and also to the community at large.

Any assistance or direction you may feel you need with respect to publicity or public relations may be discussed at any time in Room 410, Wesley Hall.

We have big plans for the University of Winnipeg Students' Association this year! Watch and listen for yourselves on TV, Radio and in the newspapers.

MUSIC, ART AND DRAMA

Belonging to a university with a downtown campus has more advantages than just being closer to get to from home. It is also closer for many performers visiting Winnipeg and therefore we often benefit by being entertained by the best in many different arts. The M.A.D. Committee which is made up of members of the faculty has had great success in the past in giving us excellent noon-hour entertainment and will probably continue to do so in the future. Check the U-Gram for details as events come up.

Publications Director - Barbara McLintock

UNITER

Editor - T.B.A.

The **Uniter** is a 12-page weekly newspaper published by the U.W.S.A. It is printed and distributed every Wednesday. The **Uniter** is the chief means of internal communication at the University. It reaches a student population of 3300, and over 200 staff members. The **Uniter** carries news about every facet of University life. Reports on the activities of the Students' Association, and the administrative body, and features aimed at the student as an individual are examples of the newspaper's content. Coverage from across the nation of student government and activities are obtained through the **Uniter's** membership in the Canadian University Press (CUP), a national organization and news service representing university newspapers.

PUB CLUB

Chairman
Bob Adkins

This is where the beautiful posters you see adorning our halls are made. Any club executive interested in having professional looking posters may dicker price with Bob Adkins in Room 411, Wesley Hall.

CANADIAN-AMERICAN CONFERENCE, 1969

Allan Rathbone, Hank Berg
Co-Chairmen, 1969

The Canadian-American Conference — a valued tradition at the U of W — an occasion for freshmen, junior and senior students to meet and discuss problems which affect us all — an opportunity to discuss questions of interest and importance with interested faculty members and well known public figures — a chance to gain new knowledge and understanding of the strengths and weaknesses of present day political institutions and philosophical prejudices.

In a time when many negate all that is, the C.A.C. attempts to present viable alternatives. What order would you have imposed upon the chaos of this world?

Topic of this year's conference: "North American Federalism: A First Step to World Federalism and to Peace?" Twenty-five American students will be bringing their opinions and questions across the border November 14, 15, 16. Will you be ready?

Background material and further information is available from Hank Berg or Allan Rathbone, Conference Co-Chairmen. Dr. H. V. Rutherford, Faculty Advisor to the Conference, may also be contacted for additional information.

The number of delegates is limited. Preparatory sessions begin in October. Have you something you'd like to say? TELL US NOW.

PRODUCTIONS

President - Naomi Kravetsky
Vice-President - Blake Taylor

The Productions directorate, sponsored by the U.W.S.A., will present a wide variety of theatrical entertainment during the academic year. Two major productions, a French play, a German play, and a Lunch-Hour Theatre are among the many and diverse presentations. Watch the Uniter and U-gram for dates and further information.

POETRY HOUR
The Poetry Hour is not just for the potential poets in the crowd. It is for everyone who has an interest in literature. Programs are often arranged to parallel English courses and are usually very entertaining. Watch for posters and U-gram notices for further information.

DEPARTMENT OF PHOTOGRAPHY

Director - Steve Dembo
Phone 774-1629

Do you have two eyes? (Binocular vision is essential). If so, you have just passed the compulsory rigorous physical examination taken prior to admittance to this select group of shutterbugs.

Even if you have never taken a snapshot in your life, or don't happen to own an expensive camera, you can soon be helping your talented colleagues to produce our student publications (Vox, Uniter, Mandala) with some of the best photography currently being produced in Canadian universities. (See the '69 Vox for proof). Realizing that most students wishing to volunteer their time have not had any previous experience in this field, we have accumulated \$3,000 worth of photographic equipment (for your use) to facilitate the training of enthusiastic individuals.

Since pictures are so vital to any publication, we would like to request our enthusiastic individuals to enlarge our staff. In addition, you will find the invaluable and materially rewarding experience you will receive can be personally and materially rewarding.

Besides... you meet the nicest people behind a camera.

STUDENT RADIO

Co-Chairmen - Miles Kowal, Earl Golden
Student Radio needs help. For any of you young nouncers, copy writers, etc., CKUW is an excellent place. We need and will train all sorts of talented people. Here is your chance to develop some worthwhile professional experience. We want to build an audience to staff of competent people. Contact Miles Kowal or Earl Golden today through the Student Office.

Unitergram Editor
Joan Klaponski

The Unitergram is a daily publication that you can't afford to miss. It contains information about everything that is going on in the University. The U-gram is found in both reading rooms, the cafeteria and Tony's. Notices may be handed in to the U-gram slot in the mail room before 12:30 on the day before publication.

ATHLETICS

Student Athletic Director - Grant Channing

Assistant Student Athletic Director - Terry Whale

Athletics at the University of Winnipeg consists of three separate programs. You as a student are urged to take part in these programs. You may voluntarily participate in as many of the three programs as you desire.

1. SERVICE PROGRAM — Instructional program in recreational athletic games — beginners are most welcome.

Instruction will be offered in the areas of badminton, handball, weight training, social dance, judo (men and women), fencing, fitness for women, karate and skiing. Should students' interest prevail in other areas, an attempt will be made to provide an instructional program in such activities.

For most of the above listed activities; students may register for a 10 week period during which classes will meet twice weekly for instructional purposes. Registration will be held at the beginning of each academic term, September and January. A timetable will be made prior to each registration period. There is **no cost** to the student in this program.

2. INTRAMURAL ATHLETICS

As an outgrowth of the service program many intramural competitions and clubs are available to students. During the year many teams are formed to compete in activities as follows: eight-man football (all equipment supplied), volleyball (men and women), co-ed volleyball, basketball, bowling, curling, badminton, rugger, cricket, handball and paddleball. If you have any friends at the University who are interested in forming a team and entering into team sport competition, you may register your team at the appropriate time. All individuals who wish to participate in team intramural sports would register in the Physical Education office and they will be placed on teams. Deadline dates for registering such teams for the various activities will be posted. The University of Winnipeg offers one of the largest intramural programs, per student capita, in Western Canadian Universities; be a part of it and enjoy yourself.

3. INTERSCHOLASTIC ATHLETICS

The University of Winnipeg is a member of the Western Canadian Inter-collegiate Athletic Association (W.C.I.A.A.) for varsity competition and the Small College Conference (S.C.C.) for junior varsity competition. Participating universities in the W.C.I.S.A. are as follows:

University of British Columbia

SALES SHOP

Sales Chairman - Lorne Sproule

Interested in saving money on those day-to-day necessities — pens, scribblers, clipboards, etc? The Sales Shop has everything for the student except text books (which are of course not essential for the average scholar!)

Crested jewellery and sportswear, as well as study guides and all other student needs are made available to all at reduced prices. Dependent on student demand such items as jackets, sweaters, blazers and other such sundry articles will be available by special order.

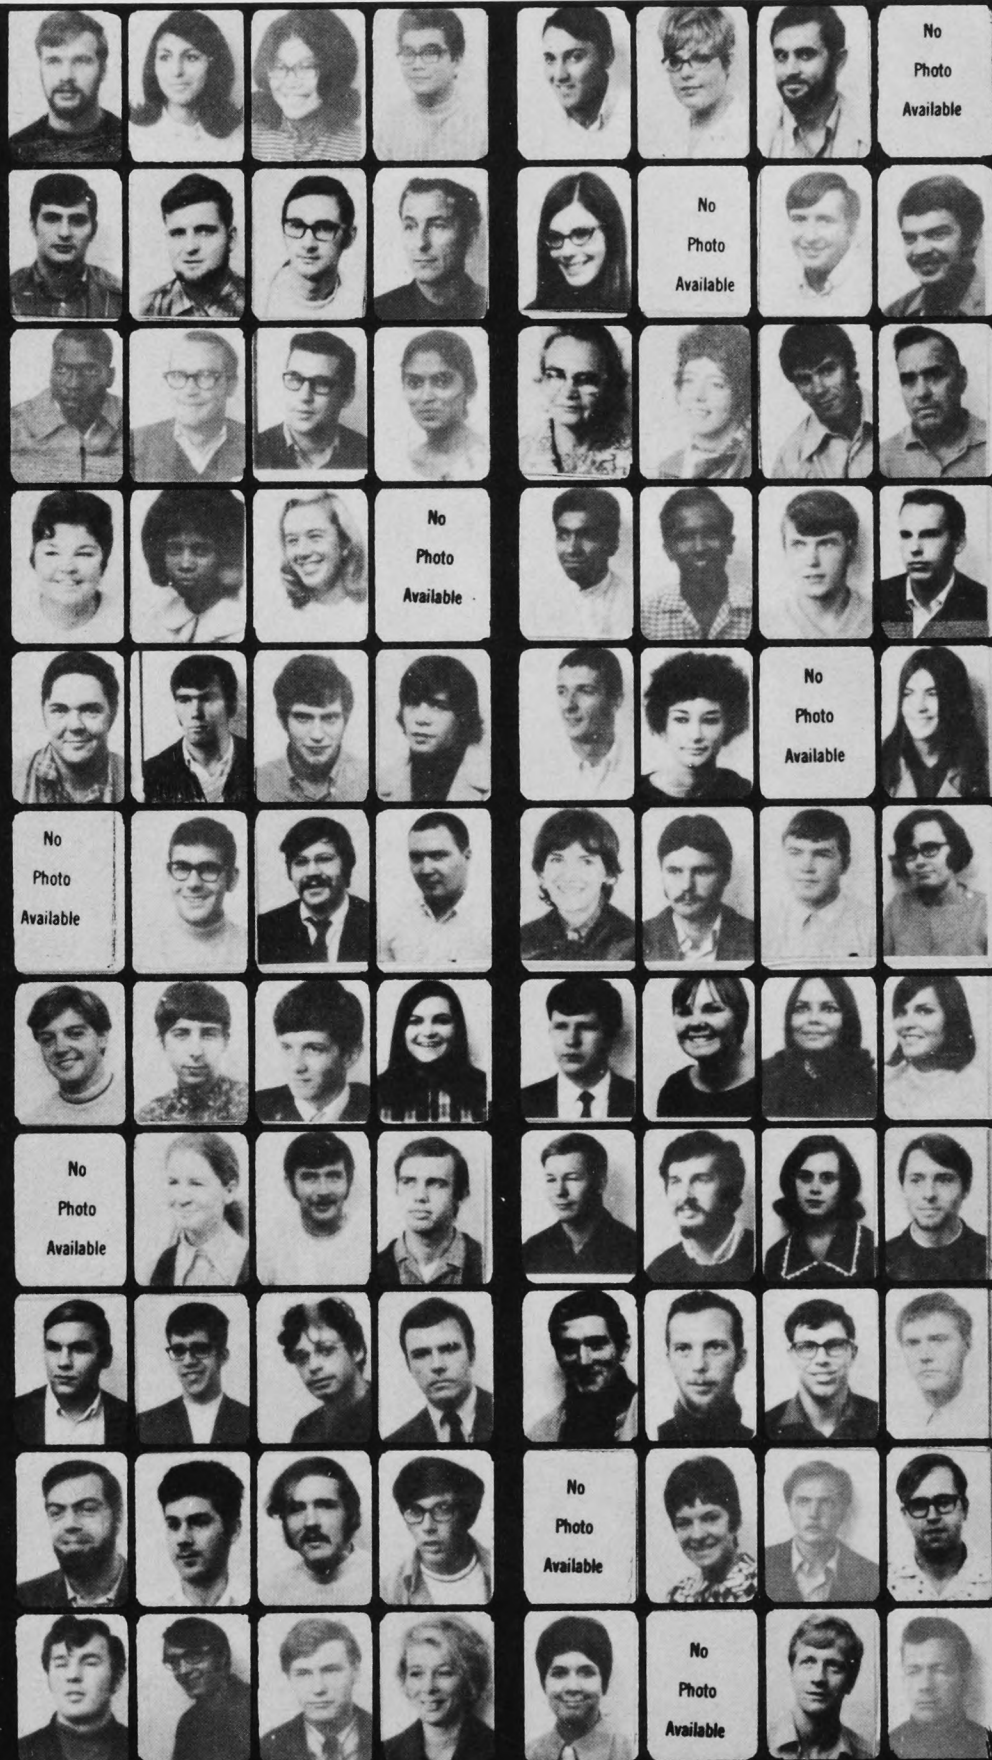

The Sales Shop is an entirely student operated service offered by the U.W.S.A. and located at the West end of the tunnel between Manitoba and Riddell Halls.

What's Different
About
KING'S?

The Food: "World's Best Hamburgers" (a 1/4 lb. pattie of pure ground beef, weighs 4 oz. at King's), home-made soups, chili, apple pie, delicious fries, rings, cheese and tuna frenches, shakes, etc.

The Service: Each booth equipped with colored menu panel and order phone. 3-5 minute service with a smile and no tipping.

The Atmosphere: Spacious enough for 250, carpeted, background music, air-conditioned and comfortable. Large off street parking lot.

That's what's different about King's.

FLORISTS

You're A Good Man
Charlie Brown

You won't find us unduly claiming credit for a man's success. Simply because we clothed him.

The man who patronizes our shop has much, very much going for him.

A Castling wardrobe is just part of his success picture.

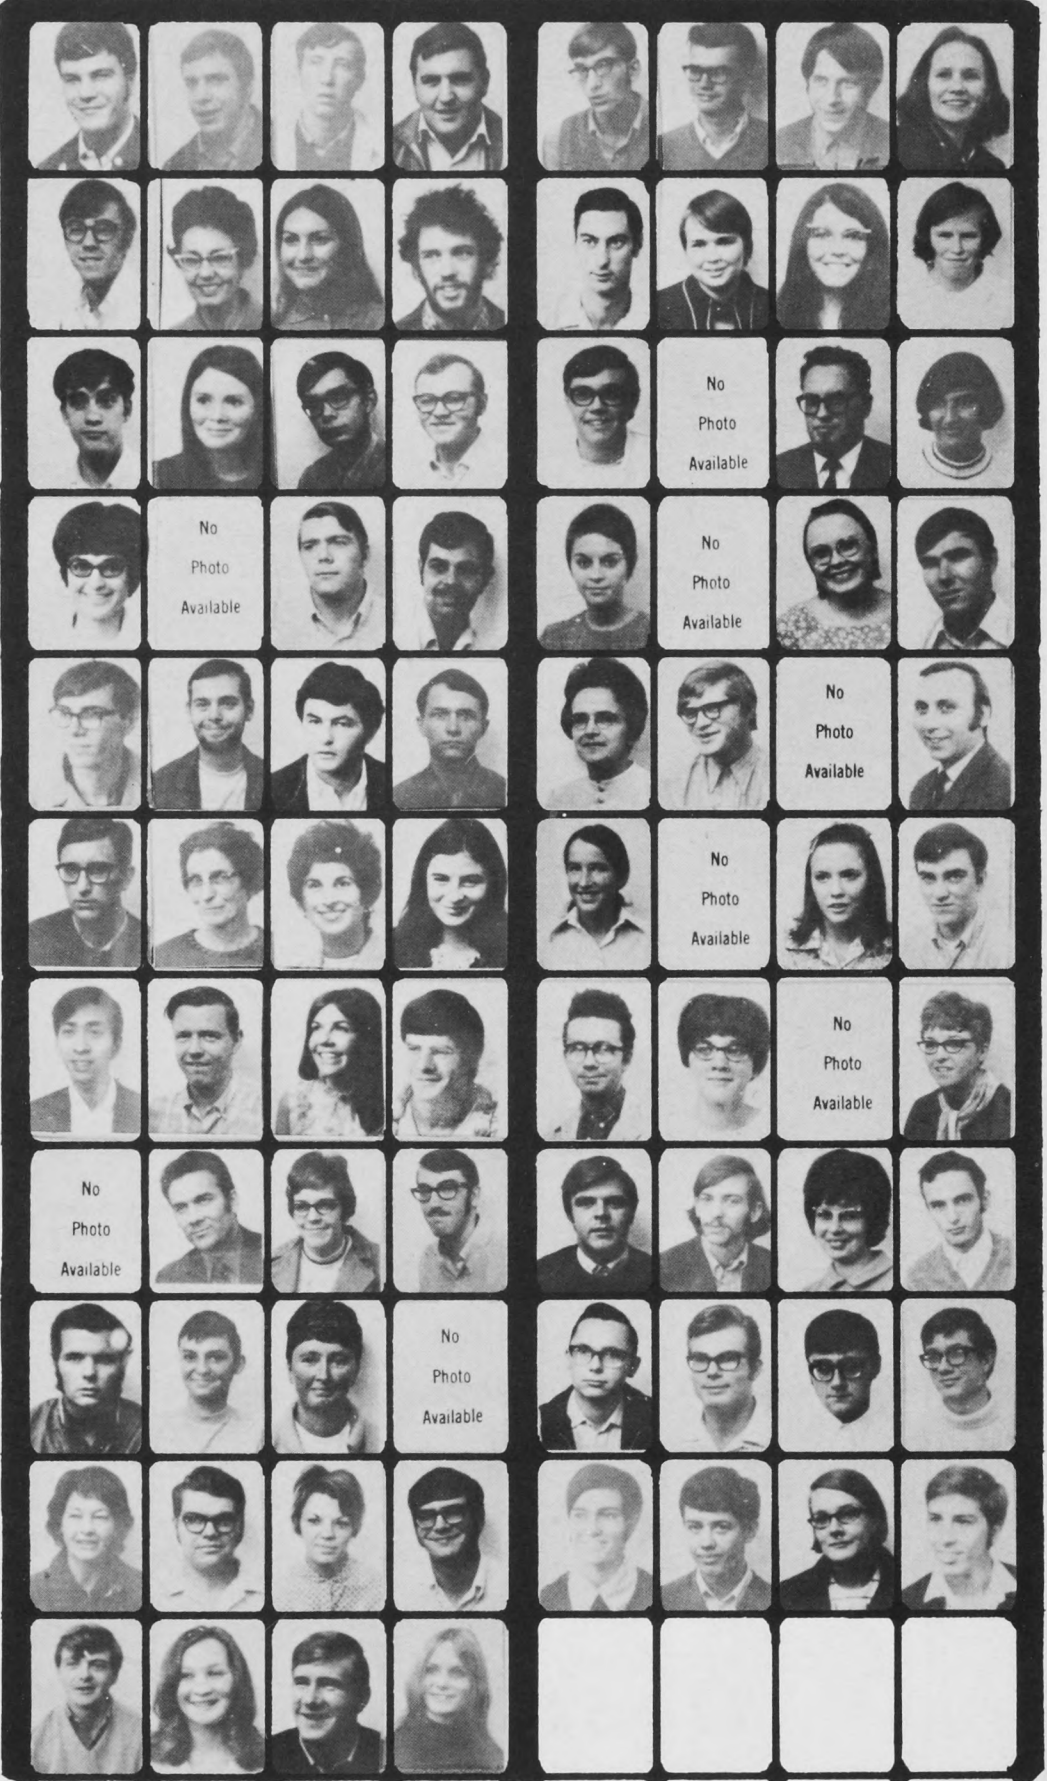

Be a little snoopy. Come in and see what we mean.

Some day all this will be yours

Wars, over-population, racial bigotry, the arms race — the awesome fact of the world's starving masses. An ominous legacy to a love generation.

On one side big business appears to feed itself with unprecedented profit. On the other, a young generation seems to hide behind picket signs and offer criticism instead of solutions. Somewhere in between lies the answer.

Your diploma tells you you're ready for the business world. And now more than ever before the business world is ready for you. Things are changing. The old values are being questioned. Upper management seeks out new ideas and listens. No longer is profit the sole justification for corporate existence. Business needs you and the world needs business.

After graduation look into a business career in your community. Get involved. Question from within. Be part of a new wave that works in terms of people helped as well as profits gained. Business has the resources and the money to work toward solving many of the world's problems. All that's required is the proper direction.

A love generation a little less idealistic, a business community a bit more humanized. It could provide the answers.
